

# WELCOME TO ROUTE S23

THE STUDER S23 IS HERE, AND WE'RE TAKING IT ON THE ROAD!  
SEE IT AT A SHOWROOM NEAR YOU.

Introducing the STUDER S23, an ideal cylindrical level up and the grinder job shops have been dreaming of. The latest family member builds on the beloved STUDER platform to create an ideal mix of price and capability.

Route S23, our road show that runs throughout 2026, will introduce the latest STUDER to those who want an in-person look. We encourage you to seek out each location's 1-day seminar, but if you can't make it, be sure to swing by the showroom before it moves on! Here's the roadmap.

## 1. Cheektowaga, New York

June 17, 2026

*Hosted by Syracuse Supply*

## 3. Chicago, Illinois

September 14-19, 2026

*See the S23 at IMTS!*

## 5. Detroit, Michigan

October 28, 2026

*Hosted by Dynamic Machine*

## 2. Charlotte, North Carolina

July 9, 2026

*Hosted by Methods Machine*

## 4. Itasca, Illinois

October 1, 2026

*Hosted by Integrated Machinery Systems*

## 6. Brecksville, Ohio

November 12, 2026

*Hosted by Ellison Technologies*

**This is one road show you won't want to miss. Bring your questions to the showroom and get ready to learn more about:**

- How to changeover your machine
- Top applications and grinding technology
- Featured vendor presentations
- The latest software and StuderWIN programming
- The many productive members of the STUDER family, including the S23
- And much more!
